Introducing Fuel Cards

What is a Fuel Card?

Crown Oil Fuel Cards, in association with Harvest Fuels, are the ideal solution to help you save money from buying fuel at wholesale prices. Using the Key Fuels and UK Fuels network, our cards are accepted at over 3,000 fuel stations across the UK.

Whatever the fleet size, fuel cards are a 'buy now, pay later' solution which allows small to medium enterprises and large corporate organisations to purchase fuel from fuel stations at a fixed weekly price.

We currently offer 2 fuel cards:

Keyfuels

- › Access to over 3,000 UK sites
- › Largest HGV network 670+ sites
- › Chip & pin
- › Multi-branded network

UK Fuels

- › Access to over 3,000 UK sites
- › Multi-branded network
- › More geared towards LCV vehicles

The App

The free online site locator and mobile app makes it easy to find a fuel card site. Other features include:

- › Compatible with Android, Apple and Blackberry
- › See your closest and most appropriate filling station in Google Maps with GPS and postcode search
- › Tailor your search for sites most suitable for LGV and HGV

Reduced risk

Crown Oil Fuel Cards mitigate risk by using chip and pin technology, reducing the chance of theft or fraudulent use and making them a safe option for fleet managers.

You're in control

With flexible payment terms, itemised billing/consumption reports and no minimum spend, Crown Oil Fuel Cards cards place you in control of your fuel usage.

Transparency from the start

No setup fees, transaction charges or minimum spend. Just wholesale prices on the fuel that you use - and no penalty fees for non-usage.

Interested?

To apply for your fuel card simply speak to your Account Manager at Crown Oil, and they'll be able to take you through the next steps.
